

Montana Soil Health Week: April 1-7

Let's celebrate this precious resource right under our feet!

NORTHERN PLAINS
RESOURCE COUNCIL

Learn about special events, films,
and workshops across the state at:

Every year during the first week of April we celebrate **Montana Soil Health Week** and every Wednesday of that week we celebrate **Montana Soil Health Day**.

These events help raise awareness about the importance of soil stewardship while honoring Montana's agricultural producers and celebrating the importance of farmers and ranchers in Montana's culture, history, and economy.
